

GOOD HOPE COUNTRY DAY SCHOOL SUMMER READING, 2020-2021

Third Grade

Please help your child choose a new series to start this summer, one that really interests and engages them! It can be one of the favorites listed below or another of your choice that is at an appropriate independent level for fluency and comprehension. **Read at least 3 books from one series** (more would be better!). Be ready to share the series you read with the class during the first week of school.

Also remember that students lose skills over the summer if they don't read and write. Please try to stay engaged in both reading and writing so that your child comes to school ready to hit the ground running!
